

Health & Safety Statement for Bubble Creative Solutions Ltd

Consistent with our Mission and Code of Conduct Bubble Creative Solutions Ltd is committed to conducting business in a safe and environmentally sustainable manner that promotes the health of our employees, customers, community and the Environment. All employees are expected to understand, follow and promote this Policy.

Compliance

We will comply with all applicable Environmental, Health and Safety (EHS) laws, regulations and standards. We will conduct audits and implement practices to ensure compliance with these requirements.

Continual Improvement

We will establish EHS goals, objectives and targets to continually improve our performance, and will publicly report our progress.

Business Integration

We will integrate EHS into business decisions to proactively ensure the health and safety of our employees and promote environmentally sustainable practices. Specifically, we will integrate an EHS evaluation into product design, manufacturing and distribution business processes and services that will reduce EHS risks, improve EHS performance, and promote pollution prevention.

Communication and Education

We will communicate this policy to our employees, customers, shareholders, suppliers, community and other stakeholders. We will provide training and resources to enable employees to implement this Policy and share best practices throughout Bubble Creative Solutions Ltd in order to promote human and environmental health.

Infrastructure

We will maintain an EHS infrastructure to assure the proper resources and accountability are established to meet this Policy.

Our statement of general policy is

- to provide adequate control of the health and safety risks arising from our work activities
- to consult with our employees on matters affecting their health and safety
- to provide and maintain safe plant and equipment
- to ensure safe handling and use of substances
- to provide information, instruction and supervision for employees
- to ensure all employees are competent to do their tasks, and to give them adequate training
